I don't know why I had this faith in you I thought you

must know more than you do

Additional Lyrics

I couldn't feel my hands when I came to
Sitting in my room for improvement
So I slowly edged up to the door
I'm sure that I was thankful for every movement

Yes, I am the eyes and ears of the king
I would have trusted you with one thing or another
I guess it's better that I found out now
While I'm young enough to remember how, to recover

The animal kingdom was licking its chops
With every point the market dropped, I was nervous
So I nodded to my loyal friend
Before I switched that channel, once again at your service

I am the eyes and ears of the king
I was wrong in just about everything, was I ?
I thought the line to heaven started with your pen
And I will never make that mistake again, will I ?
