Other verses:

If you wonder how things got so confusing
 How someone who used to listen finds you amusing
 You thought that you were getting ahead
 But you were just losing
 Now you addicted to her love and she left you using

Chorus

If you wonder why you feel like you'll give up trying
 Say your done and you'll be lying
 If the price was too high you wouldn't be buying
 If the fire was dead you wouldn't be crying

Chorus
