Other verses:

In the good, on the mark
 In the clothes that fit the part
 What remained of love was in the art

In our time, in our way
 In the magic of the day
 It wasn't rare, we've been there

Didn't we work work it all out
 Last time around
 Wasn't it worth the extra time
 That we found
 So if I ask again
 Remember when
 Give love one more chance
 Didn't we work, work it all out
 Last time around
